A Milwaukee exchange gives the following on the go:
In one of the cleverest fights ever held in this city, Mike Gibbons of St. Paul and Jimmy Clabby of Hammond, Ind., boxed ten rounds to a draw before the Badger Athletic club of Milwaukee last night. Clabby had a slight lead on points through his aggressiveness, but not enough to warrant him.

Charter Oak Park, Hartford, Sept. 6.—The Grand Circuit races today were long drawn out ane two of the events, the 2.09 trot and the 2.11 pace, went the limit in heats. The surprise of the afternoon was the defeat of Major Wellington in the 2.09 trot by Cascade. The former misher haved in three heats by going up into the aft at critical moments. In the first heat Major Wellington broke at the three-quarter mark and in the second heat 100 feet from the wire. Cascade taking the heats steadily. In the third and fourth heats the gelding steadled down and showed real form, but in the final heat broke at the half-mile and was unable to get better than third place.

The 2.25 trot was featureless, each heat heling a procession, with Mamie Guy, a fair second and Miss Norman die a poor third. Lettle Hall was distance in the first heat.

Forest Prince and Longworth B. fought it out in the 2.11 pace, the former winning by superior staying qualities. Head and head and whipping finishes marked each heat.
Tomorrow will be President Taft day at the fair and as a special event for them to mix it up. In a large work of Doc Waliace, who refered Gibbons end Clabby, and fighting under the crowd was well satisfied with the scrap.

Summary of Information contained in Letter of President of the Company: This Company has acquired a large Oil Refining Plant and Works fully completed and equipped on the Bay of San Francisco with deep water facilities and upwards of 100 acres of valuable water front Real Estate. WORKS-The works are exceptionally well built; the construction being of brick, stone and iron with mate roofs to all important buildings, while the situation and arrangement of the plant provide for operating in a large

BUSINESS—The business which has been done by the Works and is to be continued by this Company on a larger scale, is the Refining of Crude Oils for domestic and foreign trade, and this Company will direct its attention especially to the transaction of the Cargo Trade in refined oils to the Orient. The crude oil is to be purchased direct from producers and the refined products sold to the markets of Asia and of all countries advantageously reached by the Pacific Ocean, especially China, India and Australia.

CAPACITY AND EARNINGS—The works have a capacity of about 2,000 barrels crude oil per day. It is proposed to increase materially this capacity later on. At intervals during the construction period of the works, some 60,000 barrels of crude oil have been refined, and the refined products have been sold to the foreign and domestic trade of the Pacific Ocean at a satisfactory profit. This profit should amount to approximately \$2.00 per barrel when the works are put into full operation. With the present capacity of 2,000 barrels per day, the net profits on this output at \$2.00 per barrel would amount to \$1,200,000 per annum, a sum sufficient to pay the full 7 per cent. annual dividend on the preferred stock, and leave a balance available for dividends amounting to about 25 per cent. on both preferred and common stock.

about 25 per cent, on both preferred and common stock.

SAFE AND PROFITABLE BUSINESS—The Company does not produce crude oil but transacts a manfacturing and export business, purchasing crude material from producers and selling the manufactured products to the foreign and domestic trade. The very profitable nature of the oil refining business is generally well known. On both the American and Asiatic sides of the Pacific Ocean the demand for refined oils is constantly increasing. NO BONDS—No Mortgage can be put upon the property, or bonds issued by the Company in priority to the Preferred stock without the consent of every holder of the Preferred stock. This condition is endorsed on each Preferred Share Certificate.
